PLEASE NOTE: Cost of additional products (plaques, puzzles, phone cases) is subsidized by a minimum art card order per student, therefore, parents must order art cards to order additional products. This also increases your school profit substantially.

You **DO NOT PAY** any up-front costs to begin the fundraiser. Parents pay for their orders online using credit card. We issue your school a profit check at the end of the fundraiser (less administration fee and shipping).

**Administration fee .75¢ per student/artwork submitted to us** (example: 150 students = \$112.50 admin. fee)

We charge an administration fee because we scan and create custom sample cards for every student, whether they order or not. Sample cards significantly increase your school profit.

#### Admin fee covers:

- Art sheets for every student to create their artwork on
- Shipping of your initial package
- Scanning of all artwork
- Samples for each student

#### Shipping

We include shipping of initial supplies in your administration fee, you arrange and pay for the shipping of the artwork to us. We deduct shipping of sample cards and final order off of your profit cheque.
